

A Community Event
The Forty-Sixth Annual
2020 Nantucket Daffodil Show

Sponsored by The Nantucket Garden Club, Inc.
Member of The Garden Club of America
Approved by the American Daffodil Society

“Island Treasures”

Saturday, April 25, 2020

2:00 PM – 5:00 PM

Sunday, April 26, 2020

10:00 AM – 4:00 PM

Bartlett's Ocean View Farm
33 Bartlett Farm Road
Nantucket, Massachusetts

The Public is invited. Admission is Free.
Free shuttle Saturday only from 10 Washington Street
across from Greenhound starting at 2:00 pm

CELEBRATING THE FORTY-SIXTH ANNUAL DAFFODIL SHOW OF NANTUCKET

Our historic Island, 30 miles at sea, boasts a vibrant and pervasive history, as well as many island traditions that provide us with a multitude of “Island Treasures”. From the three lighthouses to fishing for Nantucket Blues, and from our whaling heritage and Nantucket sleigh rides to Madaket sunsets and surfing at Cisco Beach, our treasures abound. However, a visionary summer resident decided the Grey Lady needed another bounty, a yellow and welcoming one: Daffodils! In the 1970s, Jean MacAusland donated a million Daffodil bulbs to the Island, to be planted along our Community’s pathways and roads, initially along the Milestone Road from Monomoy to Sconset. The Nantucket Garden Club, excited by her vision of brighter Spring surroundings, then organized its first Annual Daffodil Flower Show in 1974. Originating at the Boys and Girls Club, the Show has been held in many locations during its 46 year history: the American Legion Hall, The Harbor House, The Folger Hotel and then the Point Breeze Hotel, the Coffin School and most recently at Bartlett’s Ocean View Farm. From the homey beginnings of Daffodil filled Coke bottles lining Main Street to antique cars draped with Daffodil decorations, the Island’s April harvest is best seen in all its splendor at our Show.

The American Daffodil Society recognizes this exhibition as a bona fide Daffodil Show and is pleased to grant ADS awards to specimens of exceptional merit.

The Nantucket Garden Club continues to expand the display of daffodils on the Island by donating thousands of daffodil bulbs annually to be planted by the school children. Today one sees over 4 million daffodils swaying gently along the roadways and bicycle paths island wide. We hope you enjoy the many cultivars of Daffodils on display, as well as the creative Floral Arrangements and the imaginative Photographs. Everyone in our Community, from pre-school to senior citizen participates in this happy and educational event.

SPECIAL THANKS

The Nantucket Garden Club 2020 Daffodil Show Committee thanks everyone who has contributed to the success of this year’s show, including
The American Daffodil Society, Inc. and their Judges,
Bartlett’s Ocean View Farm, Flowers on Chestnut,
and Company of the Cauldron.

Special thanks to the members of the Nantucket Garden Club and the Nantucket Community for their generous and constant efforts on behalf of the Show.

COVER PHOTO: Sankaty Head Lighthouse, Sconset

The Daffodil plantings at Sankaty didn’t begin until after the Lighthouse, which was donated to the Sconset Trust by the Coast Guard, was moved away from the edge of the bluff in 2007. The new site was landscape designed to merge visually with the moors and planted with indigenous plants. A gift from the Nantucket Garden Club for landscape design contributed significantly to the Trust’s fund raising efforts. The bulbs are purchased and planted in the fall using gifts given in memory of friends, family and community members. For a time there were bulbs bred for the Sconset Trust named Sankaty Light, however the grower has gone out of business and they are no longer available.

Particular thanks to Caroline Ellis for her contribution of the Daffodil history at Sankaty.

GENERAL RULES

Photo entries are due Wednesday, April 22, 2020 (see page 20.) Horticulture and Flower Arrangement entries may be made on Friday, April 24th between 12 PM and 6 PM, and on Saturday, April 25th between 7 AM and 9:30 AM. We encourage entrants needing help to bring their flowers in on Friday. Assistance with entry cards for all classes will be available at Bartlett's Farm during these hours. All entries must be signed in on the horticulture and/or artistic registration sheets upon delivery to the show. No late entries can be accepted. Please consult the following web site for valuable assistance in identifying your daffodil blooms: www.daffseek.org. For additional information contact Debbie Carter at (508) 380-3828, Heidi Drew at (508) 325-2121, or Sarah Ann Miller at (508) 296-0155.

Each horticulture entry must have an ADS entry card with both sections completed with name and address. After the entry card is completed, folded and closed, if the daffodil was grown on Nantucket that should be indicated by a large visible "N" on the bottom flap which is folded up. Entry cards will be available in advance from Bartlett's Ocean View Farm, Flowers on Chestnut, Dan's Pharmacy and Valero's.

The show closes at 4 PM on Sunday. Entries, awards, and ribbons must be picked up between 4 and 4:30 PM. Unclaimed entries will be donated to the Nantucket Cottage Hospital or Our Island Home.

COMMUNITY ACTIVITIES OF THE NANTUCKET GARDEN CLUB

- Annual Daffodil Show
- Annual House Tour
- Publication of Wildflowers of Nantucket
- Funding for Restoration of Atheneum Garden
- Maintenance of Hadwen House Garden
- Maintenance of Main Street Fountain
- Planting of Daffodil Bulbs
- Four Annual Scholarships to Nantucket High School graduates for advanced study in horticulture, landscaping, environmental studies or conservation
- Financial Support through our Community Grant Program:

GCA Scholarship
Madaket Land Trust
Massachusetts Audubon Society
Nantucket Community Garden
Nantucket Council on Aging
Nantucket Land Council
Nantucket Public Schools
Nantucket Parks and Recreation Commission
Sankaty Light
The Lighthouse School

FLOWER ARRANGEMENT CLASSES

“Island Treasures”

“Madaket Sunset”

Mass Arrangement

A mass arrangement is a profusion of flowers of various forms and sizes
(Not to exceed 30 inches in width or depth, including accessories)

“Nantucket Blues”

Men’s Arrangement

(Not to exceed 30 inches in any direction, including accessories)

“Light up your Lighthouse”

Small Arrangement

(Not to exceed 14 inches in any direction, including accessories)

“Take It or Leave It”

Miniature Arrangement

(Not to exceed 8 inches in any direction, including accessories)

“Surf’s Up at Cisco”

Youth Arrangement Middle and High School

Adult involvement is limited to selection of plant material

(Not to exceed 30 inches in any direction, including accessories)

“What’s your Nantucket Treasure?”

Youth Arrangement Pre-School and Elementary

“Nantucket Sleigh Ride”

Family and Group Arrangement

(Not to exceed 30 inches in any direction)

Rules for Flower Arranging

Everyone in the community is invited to participate in this event.

Daffodils must predominate in all arrangements.

Material and accessories are designer’s choice.

Size limitations, when specified, must be strictly followed.

An individual may enter only one arrangement in any class.

Arrangements must be accepted by the show committee.

Daffodils must be fresh flowers.

HORTICULTURAL DIVISION GENERAL RULES

1. Entries may be made from Friday, April 24, 2020 from 12 PM until 6 PM and Saturday, April 25, 2020 from 7 AM to 9:30 AM. All exhibitors must be off the exhibit floor by 9:40 AM. **This rule will be strictly enforced.**
2. Entry cards for exhibits will be available at the show. The top section of the entry card needs to be filled in. Any information on the entry card, including the exhibitor's name, which could compromise the anonymity of the exhibitor, must be concealed during judging. After the entry card is completed, folded and closed, if the daffodil was grown on Nantucket that should be indicated by a large visible "N" on the bottom flap, in the top left when folded up. Only Nantucket-grown flowers will be considered for Nantucket Special Awards.
3. Entries, awards, and ribbons may not be removed until Sunday, April 26, 2020 at 4:00 PM

RULES FOR HORTICULTURAL EXHIBITS

ENTRIES

4. All classes are open to anyone who grows daffodils except where specified otherwise.
5. An exhibitor may make as many entries as desired in any class provided each entry is a different cultivar or species or an entirely different collection of cultivars and/or species.
6. All blooms in the Horticultural Division must have been grown in the open by the exhibitor. Miniatures and daffodils grown and shown in their containers may be grown in protected areas.
7. Wedging material and containers for cut flower exhibits will be furnished by the show committee. Except for daffodils grown and shown in their containers, no daffodil foliage is permitted.
8. All collections of five or more stems must be exhibited with each cultivar or species in a separate container. Each cultivar must be correctly labeled with name, division and color code. Certain entries may also include year.

LABELING

9. Each cultivar or species must be **correctly labeled** with its name (or number) and division. The originator's name must appear on the label in American bred classes except seedlings shown by the originator. The originator is the person who first flowered the bulb regardless of who made the cross and/or planted the seed.
10. Exhibits that are not named or are incorrectly named will not be judged. Correct classification and labeling shall be the responsibility of the exhibitor.

11. No label may be changed, specimen added, removed, altered, or substituted after judging has begun or after an award has been placed.

INTERMEDIATES, MINIATURES, AND SEEDLINGS

12. An intermediate daffodil is a standard daffodil in divisions 1, 2, 3, 4, or 11 having a single floret whose diameter is typically greater than 50 mm through 80 mm. Intermediate daffodils may be entered in classes for standard daffodils as well as classes reserved for intermediate daffodils.
13. Miniature daffodils may be shown only in classes for miniatures. A miniature daffodil is any cultivar on the current ADS Approved List of Miniature Cultivars. Any named, numbered, or species daffodil which appears graceful, with all its parts proportionately small, may be exhibited in Miniature classes and is eligible for all ADS Miniature awards, except that only numbered seedlings shown by the originator are eligible for the ADS Miniature Rose Ribbon. A guideline when judging miniatures is that a single floreted cultivar normally possesses a flower less than 50 mm (1.97") in natural spread. For a multi-floreted miniature daffodil, the guideline measurement for the floral mass is 72 mm (2.83") in natural spread. The judges may decline to judge any exhibit exceeding these measurements at the time of judging, or penalize as they find appropriate. Winners of the Historic single stem, 3-stem and collection of 5 are eligible for consideration for the Gold, Mini-Gold, White, Mini-White, Lavender, and Purple Ribbons, in which case they are to be judged on the Cultivar scale.
14. Blooms of seedlings may be exhibited in all classes for named cultivars. **ALL SEEDLINGS MUST BE IDENTIFIED BY A NUMBER DESIGNATION ASSIGNED BY THE ORIGINATOR.** If the exhibitor is not the originator, the name of the originator must be included as part of the identification.

AWARDS

15. Each stem in an exhibit of cut flowers receiving an ADS Award must score 90 or more on the appropriate ADS Scale of Points.
16. Only one first, one second, and one third award may be given in each class. Honorable mention awards may also be given if merited but only if first, second, and third have been awarded. First, second, third, and honorable mention awards may be withheld by the judges if in their opinion the exhibit is not worthy. If a blue ribbon (first place) has been awarded in a class eligible for an ADS ribbon, the ADS Award may not be withheld.
17. The decision of the judges is final. If an error is discovered in an exhibit after completion of judging, any award placed thereon (ADS, Special, or Ribbon) shall be forfeited by the exhibitor. If an error is discovered before the judging is completed, the class must be re-judged.

MISCELLANEOUS

18. The Show Committee reserves the right to subdivide classes by cultivar or color code when there are three or more worthy exhibits of the same cultivar or color code and if a sufficient number of worthy exhibits is left in the class. Species may be subdivided by their botanical sections.
19. The Royal Horticultural Society System of Classification will be used. The labeling authority is *Daffodils to Show and Grow* as amended each year in the December ADS *Daffodil Journal* supplemented by the current information in the American Daffodil Society's online database DaffSeek.org.
20. **VERY IMPORTANT: Entrants must complete top section of an entry card with name, address and Cultivar Classification with Name, Division and Color Code before specimens are entered**

ADS Point Scale for Judging Cut Specimens

	Cultivar	Species	Historic
Condition	20	50	40
Form	25	15	15
Substance and Texture	15	10 (substance) 5	
		5 (texture) 5	
Color	15	10	15
Pose	15	5	5
Stem		5	5
Size	10	0	10
TOTAL	100	100	100

For miniature daffodils, both cut specimens and container grown, the judges will substitute Form and Grace for Form.

In exhibits of 3 of a kind, the judges may deduct up to 5 points for lack of uniformity.

ADS Scale of Points for Judging Container-Grown Exhibits

Exhibit as a Whole	35
Symmetry with uniform development of each plant	20
Floriferousness	10
Condition and correctness of container and label	5
Bloom	55
Condition	10
Form – typical of the cultivar	10
Substance and texture	10
Color	10
Pose	5
Stem	5
Size – typical of the cultivar	5
Foliage	
Condition of foliage	5
Color of foliage	5
TOTAL	100

HORTICULTURE SCHEDULE

COLOR CODE LETTERS ARE REQUIRED FOR ALL ENTRIES

SECTIONS A & B & C — STANDARD DAFFODILS

SECTION A –Small Growers-Single Stem. (limited to those growing fewer than 50 Varieties).

SECTION B –This is for a single stem of a standard cultivar or species daffodil.

SECTION C- This is for three stems of a standard cultivar or species daffodil.

In the class descriptions, the words “**pink cup**,” etc. define classes where that color is solid, 2W-P, or present in two adjacent zones, 2W-GPP.

The words “**pink in cup**,” etc. are used for classes that include both solid and rimmed cups of the same color. “**Colored**” is any color but white.

A reverse bicolor has a predominantly yellow perianth and a predominately white cup where “predominately” means at least two adjacent zones must be coded the designated color.

	Single Stem	Single Stem	Three Stems
	Small Grower	Single Stem	Three Stems
Division 1 – Trumpet Daffodil Cultivars			
Yellow perianth, yellow trumpet	A101	B101	C101
Colored perianth, orange or red trumpet	A102	B102	C102
Yellow perianth, pink in trumpet	A103	B103	C103
Reverse bicolor	A104	B104	C104
White perianth, yellow or orange trumpet	A105	B105	C105
White perianth, pink in trumpet	A106	B106	C106
White perianth, white or GWW trumpet	A107	B107	C107
Any other color combination	A108	B108	C108
Division 2 – Large-Cupped Daffodil Cultivars			
Yellow perianth, yellow cup	A201	B201	C201
Colored perianth, orange or red cup	A202	B202	C202
Yellow perianth, orange or red rimmed cup	A203	B203	C203

Yellow perianth, pink in cup	A204	B204	C204
Reverse bicolor	A205	B205	C205
White perianth, predominately yellow cup	A206	B206	C206
White perianth, yellow rimmed cup	A207	B207	C207
White perianth, predominately orange or red cup	A208	B208	C208
White perianth, orange or red rimmed cup	A209	B209	C209
White perianth, predominately pink cup	A210	B210	C210
White perianth, pink rimmed cup	A211	B211	C211
White perianth, white or GWW cup	A212	B212	C212
Any other color combination	A213	B213	C213

Division 3 – Small-Cupped Daffodil Cultivars

Yellow perianth, yellow cup	A301	B301	C301
Yellow perianth, orange or red cup	A302	B302	C302
Orange perianth, orange or red cup	A303	B303	C303
Yellow perianth, orange or red rimmed cup	A304	B304	C304
Yellow perianth, pink in cup	A305	B305	C305
Reverse bicolor	A306	B306	C306
White perianth, yellow cup	A307	B307	C307
White perianth, yellow rimmed cup	A308	B308	C308
White perianth, orange or red cup	A309	B309	C309
White perianth, orange or red rimmed cup	A310	B310	C310
White perianth, pink in cup	A311	B311	C311
White perianth, white or GWW cup	A312	B312	C312
Any other color combination	A313	B313	C313

Division 4 – Double Daffodil Cultivars

One Bloom to a Stem

Yellow perianth, yellow petaloids	A401	B401	C401
Colored perianth, orange or red petaloids	A402	B402	C402
Yellow perianth, pink in petaloids	A403	B403	C403
Reverse bicolor	A404	B404	C404
White perianth, yellow petaloids	A405	B405	C405
White perianth, orange or red petaloids	A406	B406	C406
White perianth, pink in petaloids	A407	B407	C407
White perianth, white petaloids	A408	B408	C408

More than One Bloom to a Stem

Yellow perianth, yellow petaloids	A409	B409	C409
-----------------------------------	------	------	------

Yellow perianth, petaloids colored other than yellow	A410	B410	C410
White perianth, colored petaloids	A411	B411	C411
White perianth, white petaloids	A412	B412	C412
Any other color combination, one or more blooms per stem	A413	B413	C413

Division 5 – Triandrus Daffodil Cultivars

Yellow perianth, yellow cup	A501	B501	C501
Colored Perianth, orange, red or pink cup	A502	B502	C502
Reverse bicolor	A503	B503	C503
White perianth, yellow cup	A504	B504	C504
White perianth, orange or red cup	A505	B505	C505
White perianth, pink in cup	A506	B506	C506
White perianth, white cup	A507	B507	C507
Any other color combination	A508	B508	C508

Division 6 – Cyclamineus Daffodil Cultivars

Yellow perianth, yellow cup	A601	B601	C601
Colored perianth, orange or red cup	A602	B602	C602
Yellow perianth, pink in cup	A603	B603	C603
Reverse bicolor	A604	B604	C604
White perianth, yellow rimmed cup	A605	B605	C605
White perianth, orange or red in cup	A606	B606	C606
White perianth, pink in cup	A607	B607	C607
White perianth, white cup	A608	B608	C608
Any other color combination	A609	B609	C609

Division 7 – Jonquilla or Apodanthus Daffodil Cultivars

Yellow perianth, yellow cup	A701	B701	C701
Yellow perianth, orange or red cup	A702	B702	C702
Orange perianth, orange or red cup	A703	B703	C703
Colored perianth, pink in cup	A704	B704	C704
Reverse bicolor	A705	B705	C705
White perianth, yellow, orange, or red cup	A706	B706	C706
White perianth, pink in cup	A707	B707	C707
White perianth, white cup	A708	B708	C708
Any other color combination	A709	B709	C709

Division 8 – Tazetta Daffodil Cultivars

Yellow perianth, yellow cup	A801	B801	C801
Yellow perianth, orange or red in cup	A802	B802	C802
Reverse bicolor or colored perianth with pink in cup	A803	B803	C803

White perianth, yellow cup	A804	B804	C804
White perianth, orange or red in cup	A805	B805	C805
White perianth, pink in cup	A806	B806	C806
White perianth, white cup	A807	B807	C807
Any other color combination	A808	B808	C808

Division 9 – Poeticus Daffodil Cultivars

White perianth, eye green	A901	B901	C901
White perianth, eye any other color	A902	B902	C902

Division 10 – Bulbocodium Daffodil Cultivars – Any Cultivar

A1001	B1001	C1001
-------	-------	-------

Division 11 – Split-Corona Daffodil Cultivars

One Bloom Per Stem

11a Colored perianth, yellow, orange, or red cup	A1101	B1101	C1101
11a Reverse bicolor or colored perianth with pink in cup	A1102	B1102	C1102
11a White perianth, yellow, orange, or red cup	A1103	B1103	C1103
11a White perianth, pink in cup	A1104	B1104	C1104
11a White perianth, white cup	A1105	B1105	C1105
11a Any other color combination	A1106	B1106	C1106
11b Any cultivar	A1107	B1107	C1107

More Than One Bloom Per Stem

Colored perianth	A1108	B1108	C1108
White perianth	A1109	B1109	C1109

Division 12 – Other Daffodil Cultivars

One bloom per stem, colored perianth	A1201	B1201	C1201
One bloom per stem, white perianth	A1202	B1202	C1202
More than one bloom per stem, any cultivar	A1203	B1203	C1203

Division 13 – Daffodils Distinguished Solely by Botanical Name

Any species or species hybrid, one bloom to a stem	A1301	B1301	C1301
Any species or species hybrid, more than one bloom to a stem	A1302	B1302	C1302

SECTIONS D & E – MINIATURE DAFFODILS

SECTION D – Single stem of a miniature cultivar or species daffodil.

SECTION E – Three stems of a miniature cultivar or species daffodil.

	Single Stem	Three Stem
Division 1 – Trumpet Daffodil Cultivars		
Yellow perianth	D101	E101
White perianth	D102	E102
Division 2 – Large-Cupped Daffodil Cultivars		
Yellow perianth	D201	E201
White perianth	D202	
Division 3 – Small-Cupped Daffodil Cultivars		
Yellow perianth	D301	E301
White perianth, cup yellow, orange, or red	D302	E302
White perianth, pink in cup	D303	
White perianth, white cup	D304	
Division 4 – Double Daffodil Cultivars		
Any cultivar	D401	E401
Division 5 – Triandrus Daffodil Cultivars		
Yellow perianth	D501	E501
White perianth	D502	E502
Division 6 – Cyclamineus Daffodil Cultivars		
Yellow perianth, yellow cup	D601	E601
Yellow perianth, any other cup color	D602	
White perianth, white cup	D603	E602
White perianth, any other cup color	D604	
Division 7 – Jonquilla or Apodanthus Daffodil Cultivars		
Two or more florets		
Yellow perianth, yellow cup	D701	E701
Yellow perianth, orange or red in cup	D702	
Y/W perianth	D703	
White perianth	D704	E702
Single floret		
Yellow perianth	D705	E703
White perianth	D706	E704

Division 8 – Tazetta Daffodil Cultivars

Yellow perianth	D801	E801
White perianth, cup yellow, orange, or red	D802	
White perianth, pink in cup	D803	E802
White perianth, white cup	D804	

Division 9 – Poeticus Daffodil Cultivars

Any cultivar	D901	E901
--------------	------	------

Division 10 – Bulbocodium Daffodil Cultivars

Yellow perianth, funnel cup diameter 25 mm or greater	D1001	
Yellow perianth, petunioid cup diameter 25 mm or greater	D1002	E1001
White perianth, funnel cup diameter 25 mm or greater	D1003	
White perianth, petunioid cup diameter 25 mm or greater	D1004	
Yellow perianth, funnel cup diameter under 25 mm	D1005	E1002
Yellow perianth, petunioid cup diameter under 25 mm	D1006	
White perianth, funnel cup diameter under 25 mm	D1007	
White perianth, petunioid cup diameter under 25 mm	D1008	

Division 11 – Split-Corona Daffodil Cultivars

Yellow perianth	D1101	E1101
White perianth	D1102	

Division 12 – Other Daffodil Cultivars

Yellow perianth, yellow cup	D1201	E1201
Yellow perianth, cup any other color	D1202	
White perianth, cup yellow, orange, or red	D1203	E1202
White perianth, pink in cup	D1204	
White perianth, white cup	D1205	

Division 13 – Daffodils Distinguished Solely by Botanical Name

Ganymedes section	D1301	E1301
Pseudonarcissus section	D1302	E1302
Jonquilla section	D1303	E1303
Apodanthus section	D1304	E1304
Tazetta section	D1305	E1305
Bulbocodium section	D1306	E1306
Any other section	D1307	E1307

SMALL GROWER – Any other division	D1401	E1401
--	-------	-------

SECTION F – MINIATURE COLLECTIONS

Five cultivars or seedlings, one stem each (no species). This class is eligible for the ADS Lavender Ribbon.	F01
Five cultivars, seedlings, or species, one stem each. This class is eligible for the ADS Lavender Ribbon.	F02
Five stems, each one from a different division. This class is eligible for the ADS Lavender Ribbon.	F03
ADS Miniature Red-White-Blue Ribbon – Five cultivars or seedlings of American breeding, one stem each. For correct labeling procedure, see Rule No. 9. This class is eligible for the ADS Lavender Ribbon.	F04
ADS Delia Bankhead Ribbon – Nine cultivars and/or species, one stem each from at least three different RHS divisions.	F05
Roberta C. Watrous Award – Twelve cultivars and/or species of miniature daffodils from at least three RHS divisions. First time winners may receive the Silver Watrous Medal. Former winners receive the Watrous Ribbon. This class is open only to ADS members.	F06
Harold Koopowitz Miniature Collection Ribbon – Twenty-four cultivars and/or species, one stem each, from at least five RHS divisions. This class is open only to ADS members.	F07

SECTION G — STANDARD DAFFODIL COLLECTIONS

These classes call for one stem of each cultivar/species unless specified otherwise individually labeled with name, division and color code
Year of Registration is required on Classic Daffodils.

All are Standard daffodils except as noted in Class G15.

	Class
Five different Yellow perianth	G01
Five different White perianth, colored cup	G02
Five different White daffodils	G03
Five different Pink cupped and/ or pink in cup cultivars	G04
Five different Double daffodils	G05
Five different Reverse bicolor	G06
Five different Intermediate cultivars.	G07
Five different Classic cultivars	G08
ADS Maroon Ribbon – Five different reverse bicolor cultivars.	G09
ADS Red-White-Blue Ribbon – Five different American-bred cultivars. For correct labeling procedures, see Rule No. 9.	G10

Marie Bozievich Ribbon – Twelve different cultivars and/or species from not less than 4 divisions.	G11
Elise Havens Ribbon – Twelve different cultivars from at least three divisions from RHS divisions 5 through 10.	G12
Tom D. Throckmorton Ribbon – Fifteen cultivars and/or species from fifteen different RHS classifications. COLOR CODES REQUIRED.	G13
Carey E. Quinn Award – Twenty-four cultivars and/or species from at least five RHS divisions. First time winners may receive the Silver Quinn Medal. Former winners receive the Quinn Ribbon. This class is open only to ADS members.	G14
Robert Spotts Ribbon – Five different Standard daffodils or five different Miniature daffodils, where green is predominant color in either perianth and/or corona.	G15
Three stems each of twelve different cultivars and/or species from at least three divisions	G16

SECTION H – HISTORIC DAFFODILS

This section is open to all cultivars, i.e. not species, introduced or in gardens before 1940. All cultivars shall be labeled with name, division number, and year of registration (or introduction). The earliest date shown in the American Daffodil Society’s online database DaffSeek.org will be the authority.

Winners of the Historic single stem, 3-stem, and collection of 5 are eligible for consideration for the Gold, Mini-Gold, White, Mini-White, Lavender, and Purple Ribbons, in which case they are to be judged on the Cultivar scale.

	Single Stem	Three-Stem
Standard daffodil, before 1850	H01	H9
Standard daffodil, 1850-1879	H02	H10
Standard daffodil, 1880-1899	H03	H11
Standard daffodil, 1900-1909	H04	H12
Standard daffodil, 1910-1919	H05	H13
Standard daffodil, 1920-1929	H06	H14
Standard daffodil, 1930-1939	H07	H15
Miniature daffodil, pre-1940	H08	H16
Five different standard cultivars, one stem of each	H17	

SECTIONS I & J — INTERMEDIATE DAFFODILS

SECTION I – This is for a single stem of a standard cultivar.

SECTION J – This is for three stems of a standard cultivar.

	Single Stem	Three- Stem
Division 1, Colored perianth	I101	
Division 1, White perianth	I102	J101
Division 2, Colored perianth	I201	
Division 2, White perianth	I202	J201
Division 3, Colored perianth	I301	
Division 3, White perianth	I302	J301
Division 4, Any cultivar	I401	J401
Division 11, Colored perianth	I1101	
Division 11, White perianth	I1102	J1101
Five different intermediate cultivars (Place with standard collections.)		G7

SECTION K – CLASSIC DAFFODILS

This section is open to all standard cultivars introduced from 1940 to 1969 inclusive. All cultivars shall be labeled with name, division number, and year of registration (or introduction). The date shown in the American Daffodil Society’s online database DaffSeek.org will be the authority. The Classification Committee may subdivide each class by decade and/or division, regardless of the number or quality of exhibits in each subdivision prior to judging. Daffodils in this section will be judged using the cultivar scale.

	Single Stem	Three Stem
Standard cultivars, 1940-1949	K1	K4
Standard cultivars, 1950-1959	K2	K5
Standard cultivars, 1960-1969	K3	K6
Collection of five different standard cultivars, 1940-1969, one stem each (See Rule 8) (Place with standard collections)		G8

SECTION L — YOUTH ENTRIES

Exhibitors are 18 years of age or younger. Youth exhibitors are not restricted to this section; they may elect to enter other sections for which they qualify. Rule No. 18 is extended to permit subdividing all Classes. Youth exhibitors are to put N for Nantucket grown flowers and their birth month on closed entry flap to allow for more subdividing in each Class.

	Single Stem	3-Stem
Standard stem, division 1	L01	
Standard stem, division 2	L02	L9
Standard stem, division 3	L03	L10
Standard stem, division 4	L04	
Standard stem, divisions 5 or 6	L05	L11
Standard stem, divisions 7 or 8	L06	L12
Standard stem, divisions 9, 10 or 11	L07	L13
Standard stem divisions 12 or 13	L08	L14
Collection of five different standard daffodils		L15
Miniature stem, any division	L16	L17
Collection of five different miniature daffodils		L18
Brooke Ager Youth Challenge Class – one stem of cultivar ‘ Rapture ’. This class is open to any youth – ADS membership is not required	L19	

SECTION M – CONTAINER-GROWN DAFFODILS

Blooms are to be grown in and exhibited in a container or pot. All bulbs in any one container shall be of the same cultivar or species. Container-grown daffodils may be grown in protected areas. No bloom or exhibit in this section shall be eligible for any ADS award other than the ADS awards for container-grown daffodils. Rule No. 18 is extended to permit subdividing classes by daffodil division.

	Class
Standard daffodils – named cultivars or seedlings (no species)	M1
Miniature daffodils – named cultivars or seedlings (no species)	M2
Species and species hybrid daffodils. All sizes of species and species hybrids are eligible for this class.	M3

PHOTOGRAPHY

ENTRY CLASSES

- P1 Daffodils in the Landscape or Nature.
- P2 Portraits of Daffodils (1 to 3 blooms.) A close up of a single daffodil bloom or up to three blooms of the same cultivar.
- P3 Daffodils and People or Animals. (May include people or animals but the primary subject must be daffodils)
- P4 An Arranged Still Life with Static Elements and Daffodils or Abstracted photos of daffodils. (This division is also open to macro views)
- P5 Youth Photography (age 18 or under). Any photography incorporating daffodils.
- P6 Professional Photography. Any photography incorporating daffodils submitted by a professional photographer.

Classes are open to color or monochrome photography and will be subdivided if needed

RULES FOR PHOTOGRAPHY

1. Daffodils must be represented in some form in all photographs.
2. An entrant may submit a photograph in both natural and manipulated classes. Photographs as well as all photographic work, including editing, must be done by the entrant.
3. Photographs should be mounted on lightweight neutral, stiff card stock or foam board. Matting (over the print and backing) should not be used. Minimum print size is 5 x 6 inches, and maximum mounted size is 11 x 14 inches. Non-standard sizes are allowed as long as the overall perimeter does not exceed 50 inches. No glass or frame may be used.
4. **Entries must be dropped off or mailed to Heidi Drew, 508-325-2121, 82 Easton Street Nantucket, MA 02554 on or before Wednesday, April 22, 2020**
5. Each entry must be labeled on the back with the photographer's name, address and phone number. Each entry card must be marked with a visible "N" for Nantucket entrants.
6. Photographs will be hung and taken down at the end of the show by the committee.
7. If a photograph is to be returned, the exhibitor must pick it up on Sunday, April 26th between 4:00 PM and 4:30 PM or provide a self-addressed, pre-paid shipping packaging, otherwise it will become the property of the

Nantucket Garden Club. Unclaimed photographs may be donated to a local non-profit.

AMERICAN DAFFODIL SOCIETY AWARDS

Gold Ribbon: Best standard cultivar or species in the Horticulture Division, excluding Container-Grown, and Challenge Sections.

White Ribbon: Best three stems of one cultivar or species of standard daffodils.

Rose Ribbon: Best standard seedling exhibited by its originator, excluding the Container-Grown and Challenge Sections.

Purple Ribbon: Best collection of five different standard cultivars or species in the Horticulture Division of the show.

Maroon Ribbon: Best collection of five different standard cultivars, one stem each, colored perianth, cup paler than perianth, any division or divisions (Class G9).

Red-White-Blue Ribbon: Best collection of five different standard cultivars, one stem each, of American breeding or origin, any division or divisions (Class G10).

Marie Bozievich Ribbon: Best collection of twelve different cultivars and/or species of standard daffodils from at least four RHS divisions (Class G11).

Elise Havens Ribbon: Best collection of twelve cultivars of standard daffodils from not less than three divisions of RHS divisions 5 through 10 (Class G12).

Tom D. Throckmorton Ribbon: Best collection of fifteen cultivars and/or species of standard daffodils from fifteen different RHS classifications (Class G13).

Carey E. Quinn Award: Silver Medal or Ribbon for a collection of twenty-four different cultivars and/or species of standard daffodils from at least five divisions. The medal may be won only once by any exhibitor in all local and regional shows. A former winner may exhibit in this class but may receive only the Quinn Ribbon. Open only to ADS members (Class G14).

Robert Spotts Ribbon: Best collection of five different standard or five different miniature daffodils, one stem each, where green is the predominant color in either the perianth and/or the corona (Class G15).

Miniature Gold Ribbon: Best miniature cultivar or species in the Horticulture Division, excluding Container-Grown and Challenge Sections.

Miniature White Ribbon: Best three stems of one miniature cultivar or species.

Miniature Rose Ribbon: Best miniature seedling exhibited by its originator, excluding the Container-Grown and Challenge Sections.

Lavender Ribbon: Best collection of five different miniature cultivars and/or species (Classes F1, F02, F03, F04 and L18).

Miniature Red-White-Blue Ribbon: Best collection of five different miniature cultivars, one stem each, of American breeding or origin, any division or divisions (Class F04).

Delia Bankhead Ribbon: Best collection of nine miniature cultivars and/or species, one stem each from at least three different RHS divisions. (Class F05)

Roberta C. Watrous Award: Silver Medal or Ribbon for a collection of twelve different cultivars and/or species of miniature daffodils from at least three divisions. This medal may be won only once by any exhibitor in all local and regional shows. A former winner may exhibit but may receive only the Watrous Ribbon. Open only to ADS members (Class F06).

Harold Koopowitz Miniature Collection Ribbon: Best collection of twenty-four different miniature cultivars and/or species from at least five divisions. Open only to ADS members (Class F07).

Youth Ribbon: Best cultivar or species exhibited in the Youth Section.

Youth Best of Three Ribbon: Best three stems of one cultivar or species, standard or miniature, in the Youth Section (Classes L9 through L14, and L17).

Youth Collection Ribbon: Best collection of five different cultivars and/or species, all standards or all miniatures, in the Youth Section (Classes L15 and L18).

Brooke Ager Youth Challenge Ribbon: Best single stem of annual cultivar selected by ADS Youth Committee (Class L19).

Small Growers Ribbon: Best cultivar or species exhibited in the Small Grower Section.

Historic Bloom Ribbon: Best pre-1940 cultivar, standard or miniature, in the Historic Section.

Historic Best of Three Ribbon: Best three stems of one pre-1940 cultivar, standard or miniature, in the Historic Section.

Historic Daffodil Collection of Five Ribbon: Best collection of five different pre-1940 standard cultivars in the Historic Section (Class H17).

Best Classic Ribbon: Best standard cultivar from the Classic Section.

Best Classic Single-Stem Ribbon: Best cultivar from a class of single stems of standard cultivars in the Classic Section (Classes K1 through K3).

Best Classic Three-Stem Ribbon: Best three stems of one classic standard cultivar in the Classic Section.

Best Classic Collection of Five Ribbon: Best collection of five different classic standard cultivars from the Classic Section (Class G8).

Best Intermediate Ribbon: Best intermediate-size cultivar from the Intermediate Section, any standard collection, or from any standard entry in the Youth or Small Growers Sections.

Best Intermediate Three-Stem Ribbon: Best set of three intermediate cultivars in the Intermediate Section or in standard collection classes of sets of three.

- Best Intermediate Collection of Five Ribbon:** Best collection of five different intermediate cultivars in the Intermediate Section (G7).
- Standard Container-Grown Ribbon:** Best standard container-grown named or seedling daffodil exhibit in the Container-Grown Section.
- Miniature Container-Grown Ribbon:** Best miniature container-grown named or seedling daffodil exhibit in the Container-Grown Section.
- Species/Species Hybrid Container-Grown Ribbon:** Best species/species hybrid container-grown daffodil exhibit in Container-Grown Section.
- Silver Ribbon:** Awarded to the exhibitor winning the most first place (blue) ribbons in the Horticulture Division.
- Wells Knierim Ribbon:** Best photograph in the show.
- Youth Photography Ribbon:** Best photograph by Youth exhibitor in Youth Photography class (Class P5).

NANTUCKET GARDEN CLUB SPECIAL AWARDS

For Daffodils Grown on the Island

- Best Standard Daffodil in Show – Ann Sanford Bowl*
- Best Miniature Daffodil in Show – Laird V. W. Williams Award*
- Best Collection of Five Cultivars – Jean MacAusland Award*
- Best Pink Daffodil*
- Best White Daffodil*
- Best Colored Daffodil*
- Best Youth Daffodil – Helene Whitehead Award*
- Best Collection of three stems of one cultivar – Twenty-fifth Anniversary Award (given by Mary Malavase)*
- Most Blue Ribbons in Small Grower Section*
- Best Historic Daffodil (pre-1940)*
- Best Classic Daffodil (1940—1969)*
- Twelve standard cultivars and/or species, three stems of each from at least three R.H.S. divisions*
- Most Blue Ribbons in Youth Division*
- Best Photograph in Show by Nantucket adult exhibitor*
- Best Photograph in Show by Nantucket Youth exhibitor*
- The ‘Sconset Trust Award – Best standard daffodil from any section with white perianth and colored cup from Divisions 1, 2, 3, 4 and 11 including vases of three and collections*

FLOWER ARRANGEMENT SPECIAL AWARDS

- Most Creative Arrangement – the Mary Armstrong Box in memory of Beverly Lindley*
- Most Colorful and Dramatic Flower Arrangement – The Jean MacAusland Ivory Easel in memory of Mary Armstrong*
- Best Youth Flower Arrangement – Helene Whitehead Award*

ROYAL HORTICULTURAL SOCIETY SYSTEM OF CLASSIFICATION

For garden purposes, daffodils are classified in 13 divisions where the division number specifies the form and the letters (color code) specify the colors. For example:

1 W-Y = a trumpet daffodil with white perianth segments (“petals”) and yellow corona (“trumpet”).

2 Y-YYO = a large-cupped daffodil, all yellow except for a band of orange at corona (“cup”) rim.

11b W-O/Y/W = a papillon daffodil with white perianth segments and longitudinal bands of orange, yellow and white in the corona, with orange predominant.

Whether of wild or cultivated origin, once a selection has been distinguished by a cultivar name, it should be assigned to Divisions 1–12. Daffodils distinguished solely by botanical name should be assigned to Division 13.

The characteristics for Divisions 5 to 10 are given for guidance only; they are not all necessarily expected to be present in every cultivar assigned to those divisions.

DIVISION 1 — TRUMPET DAFFODIL CULTIVARS.

One flower to a stem; corona (“trumpet”) as long as or longer than the perianth segments (“petals”).

DIVISION 2 — LARGE-CUPPED DAFFODIL CULTIVARS

One flower to a stem; corona (“cup”) more than one-third, but less than equal to the length of the perianth segments (“petals”).

DIVISION 3 — SMALL-CUPPED DAFFODIL CULTIVARS

One flower to a stem; corona (“cup”) not more than one-third the length of the perianth segments (“petals”).

DIVISION 4 — DOUBLE DAFFODIL CULTIVARS

One or more flowers to a stem, with doubling of the perianth segments or the corona or both.

DIVISION 5 — TRIANDRUS DAFFODIL CULTIVARS

Characteristics of *N. triandrus* clearly evident; usually two or more pendent flowers to a stem; perianth segments reflexed.

DIVISION 6 — CYCLAMINEUS DAFFODIL CULTIVARS

Characteristics of *N. cyclamineus* clearly evident: one flower to a stem; perianth segments significantly reflexed; flower at an acute angle to the stem, with a very short pedicel (“neck”).

DIVISION 7 — JONQUILLA AND APODANTHUS CULTIVARS

Characteristics of Sections Jonquilla or Apodanthi clearly evident: one to five (rarely eight) flowers to a stem; perianth segments spreading or reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; flowers usually fragrant.

DIVISION 8 — TAZETTA DAFFODIL CULTIVARS

Characteristics of Section Tazettae clearly evident: usually three to twenty flowers to a stout stem; perianth segments spreading, not reflexed; flowers usually fragrant.

DIVISION 9 — POETICUS DAFFODIL CULTIVARS

Characteristics of *N. poeticus* and related species clearly evident; perianth segments pure white; corona very short or disc-shaped, not more than one-fifth the length of the perianth segments; corona usually with a green and/or yellow center and red rim, but sometimes wholly or partly of other colors; anthers usually set at two distinct levels; flowers fragrant.

DIVISION 10 — BULBOCODIUM DAFFODIL CULTIVARS

Characteristics of Section Bulbocodium clearly evident: usually one flower to a stem; perianth segments insignificant compared with the dominant corona; anthers dorsifixed (i.e., attached more or less centrally to the filament); filament and style usually curved.

DIVISION 11 — SPLIT-CORONA DAFFODIL CULTIVARS

Corona split – usually for more than half its length.

a) Collar Daffodils. Split-corona daffodils with the corona segments opposite the perianth segments; the corona segments usually in two whorls of three.

b) Papillon Daffodils. Split-corona daffodils with the corona segments alternate to the perianth segments; the corona segments usually in a single whorl of six.

DIVISION 12 — OTHER DAFFODIL CULTIVARS

Daffodil cultivars which do not fit the definition of any other division.

DIVISION 13 — DAFFODILS DISTINGUISHED SOLELY BY BOTANICAL NAME

SECTION TAPEINANTHUS

Autumn flowering; one to four flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; flower ascending, yellow; corona absent or rudimentary; anthers widely exerted from the tube, much shorter than the filaments, dorsifixed.

SECTION SEROTINI

Autumn flowering; usually one to two flowers to a rounded stem; leaves very narrow, glaucous, not always present on flowering bulbs; perianth segments pure white, usually twisted; corona very short, yellow, orange, or green; anthers included in or slightly exerted from the tube, longer than the filaments, dorsifixed; flowers fragrant.

SECTION AURELIA

Autumn flowering; three to twelve flowers to a compressed stem; leaves flat, not channeled, glaucous; flowers white; corona rudimentary or absent; filaments unequal in length; anthers exerted from the tube, dorsifixed; flowers fragrant.

SECTION TAZETTAE

Autumn to spring flowering; three (rarely two) to twenty flowers to a usually compressed stem; leaves flat or channeled, usually glaucous; flowers white, yellow, or bicolored; anthers included in or slightly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The rounded stem and green leaves of *N. aureus* atypical, also the orange corona of *N. elegans*.

SECTION NARCISSUS

Spring flowering; usually one flower (exceptionally two to four) to a compressed stem; leaves flat, not channeled, glaucous; perianth segments pure white; corona disc-shaped or very shallow, sometimes of a single color, but usually with base green, mid-zone yellow, and rim red or orange and often scarious; anthers partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. This section covers *N. poeticus*.

SECTION JONQUILLA

Spring flowering; one to five (rarely eight) flowers to a rounded stem; leaves narrow or semi-cylindrical, green; flowers yellow, never white; perianth segments spreading or reflexed; corona usually cup-shaped, usually wider than long; anthers included in or partly exerted from the tube, much longer than the filaments, dorsifixed; flowers fragrant. The autumn flowering, green-flowered *N. viridiflorus* is atypical.

SECTION APODANTHI

Spring flowering; one flower or two to five to a somewhat compressed stem; leaves narrow, channeled, glaucous; flowers white or yellow, never bicolored; perianth segments spreading or slightly reflexed; corona cup-shaped, funnel-shaped, or flared, usually wider than long; anthers included in the tube, or three included and three exerted, much longer than the filaments, dorsifixed.

SECTION GANYMEDES

Spring flowering; one flower or two to six to an elliptical or cylindrical stem; flowers pendent, white, yellow, or somewhat bicolored; leaves flat or semi-cylindrical; perianth segments reflexed; corona cup-shaped (rarely campanulate); anthers three included in the tube, three exerted (often beyond the corona), equal to or much shorter than the filaments, dorsifixed. This section covers *N. triandrus*.

SECTION BULBOCODIUM

Autumn to spring flowering; one flower to a rounded stem; leaves narrow, semi-cylindrical; flowers white or yellow; perianth segments insignificant compared with the dominant corona; anthers widely exerted from the tube (often beyond the corona), much shorter than the filaments (which are usually curved), dorsifixed.

SECTION PSEUDONARCISSUS

Spring flowering; usually one flower to a more or less compressed or sometimes rounded stem; leaves flat or channeled, usually glaucous; flowers white, yellow, or bicolored; perianth segments usually spreading or inflexed; corona more or less cylindrical, often flared at mouth, yellow or white (never orange or red); anthers exerted from the tube, equal to or shorter than the filaments, sub-basifixed. The green leaves, rounded stem, and strongly reflexed perianth segments of *N. cyclamineus* and the two to four flowers to a stem of *N. longispathus* and *N. nevadensis* are atypical.

WILD HYBRIDS

Natural hybrids distinguished by botanical names are also assigned to this division.
